***"I created Steinkult jewellery with the alluring woman in mind. Charming and elegant, she's the epitome of romance."***

***Alexandra Manini Iglesias,  
STEINKULT Founder & Designer***

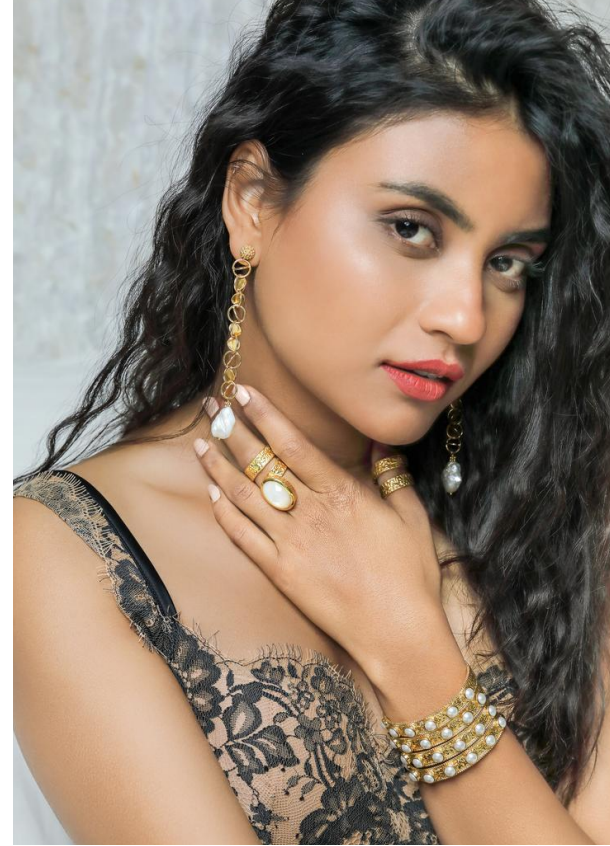

Steinkult jewelry is designed in Switzerland and handcrafted by talented artisans under fair conditions in India and Thailand. All our designs are made from nickel and leadfree brass with a luxurious plating in 925 Sterling Silver or 18 Kt. Gold and feature an anti-tarnish coating.

By combining materials of only the highest quality with natural stones, pearls, shells, crystals and resin and using a blend of ancient and modern techniques, every piece has its own distinctive character. Please note: due to the use of natural gemstones, gemstone colours may vary slightly.

Affordable yet invaluable in the way they make a woman feel, these collections are utterly timeless and suitable to wear on any occasion.

Prepare to embark on a voyage of the soul: The glittering world of Steinkult awaits.
