WHITE LAGOON

AW 2020/21 COLLECTION

"I created Steinkult jewellery with the alluring woman in mind. Charming and elegant, she's the epitome of romance."

*Alexandra Manini Iglesias,
STEINKULT Founder & Designer*

Steinkult jewelry is designed in Switzerland and handcrafted by talented artisans under fair conditions in India and Thailand. All our designs are made from nickel and leadfree brass with a luxurious plating in 925 Sterling Silver or 18 Kt. Gold and feature an anti-tarnish coating.

By combining materials of only the highest quality with natural stones, pearls, shells, crystals and resin and using a blend of ancient and modern techniques, every piece has its own distinctive character. Please note: due to the use of natural gemstones, gemstone colours may vary slightly.

Affordable yet invaluable in the way they make a woman feel, these collections are utterly timeless and suitable to wear on any occasion.

Prepare to embark on a voyage of the soul: The glittering world of Steinkult awaits.

A woman with long dark hair is sitting on a large, dark rock in a desert landscape. She is wearing a red sequined top, a red skirt, and white sneakers. She is smiling and looking upwards. The background features a clear blue sky, a large tree with bare branches, and a cactus. A large red heart shape is overlaid on the left side of the image, containing text.
